I'm sure this was just a typo, John. Confirming the date as Nov 20th for the field workshop. Wed. 11/20/19.

David, That's fine on Nov 30th, the only thing is I can not commit to being available for the call on Oct 31st as I have another commitment. Is it possible to have call on some Mon, Tues, or Wed? or schedule after 3:30 on Thursday when I will have a better chance of being available?

Hi John,

I am confirming switching the exercise date to Wednesday Nov 20.

We are also interested in having a conference call with you and your project managers, program staff from EPA HQ, and at least some of the EPA staff from around the country that will be on-site for the exercise to go over the stations that we are planning and the logistics of the day. EPA staff have been holding regular conference calls and the next scheduled one is Thursday (Oct 31) at 2:30 pm.

If you can join this call on Oct 31, that would be great; otherwise, I will find another time that works for us all.

Thanks, Dave
